BABCOCK ADVOCATES REMOVAL OF TARIFFS.

Iron and Steel Products, He Declares. No Longer Need Protection of Government.

REPUBLICAN THEORY APPLIED.

"Reveneue Cannot Be Raised From Duties on Articles That Can Be Manufactured Cheaper Here Than Elsewhere."

REFUBLIC SPECIAL.

Washington, April 24.-Representative Babcock, of Wisconsin, a Republican member of the Ways and Means Committee, returned to the city Tuesday after an absence of several weeks in the West. Mr. Babcock is more than ever convinced of the wisdom of his bill removing the tariff duties on steel and iron products that are manufactured cheaper in this country than anywhere else.

"It is not material," said he, "whether it is an individual or combination of individuals, that have obtained control of any single product, so that they can fix any prices they see fit and make the consum-

ers pay that price.
"Congress and the representatives of the people will fall very short of their duty if they permit a tariff to remain on such articles when the tariff is not needed for protection on the lines advocated by the Re-

publican party.
"When an article can be manufactured in this country cheaper than it can be made anywhere else, that industry needs protection no longer and revenue cannot be raised from it. If the Republican party fails to

"During my visit in the West, I have talked with the Representatives of many of the largest interests of the country. I have not met'a single manufacturer who did not indorse this movement. The only opposition I have encountered comes from a

not indorse this movement. The only opposition I have encountered comes from a
crass of people who look upon the tariff
with a reverence to be paid a Chinese Joss
—to be admired, but not touched.

"It has been suggested to me by one of
the greatest railroad men in the United
States—a man who has built up one of the
largest systems and upon a rock-ribbed and
rock-bottom intancial basis, the stock of
whose road has never sold for less than par
and often for more than \$200 per share—to
incorporate a provision in the bill which
will limit the floating of watered stock.

"It has been suggested that the stockholders of corporations doing an interstate commerce business, coming thereby in a measure under the control of Congress, should
be liable for, say, two years after they dispose of their stock. In other words, that
something should be enacted similar to the
law which prevails in Germany, where the
liability extends for five years, and similar
to the law in several of the Western States,
which as a rule, provide that all property
taken in any corporation shall be at its
actual market value, and any stockholder
who disposes of his stock to a purchaser
must practically guarantee that the property held by the corporation is scheduled
at its true market value, and for two years
thereafter said stockholder shall be liable,
not only for the debts of the company, but
for any false inventory or misrepresentation upon which the capital stock has been
issued."

DEWEY WANTS PRIZE MONEY.

Suit Brought by Him and Associ ates in Court of Admiralty.

rion April 24 -The suit instituted Washington, April 24.—The suit instituted by Admiral Dewey and other officers for prize money for the capture of vessels and navel stores at Manila has come up in the Court of Admiralty. The action is for the condemnation in prize for the captured vessels, viz: Don Juan de Austria, Isla de Cuba, Isla de Luzon, Manila, Rapido, Callao and other property afloat, the naval stores in the Cavite naval station and the captured cascoes.

the Cavite naval station and the captured cascoes.

The United States has admitted in general the allegations of this libel, but called for proof of the details. The answer of the Government is a general denial that the claimed property, with certain exceptions, is properly subject to condemnation as prize. In the hearing begun Wednesday, counsel for Admiral Dewey and his associate claimants contended that the court should decree to the captor one-half of the net proceeds of the property claimed. Charles C. Blinners, special attorney for the Government, opposed this claim.

Following the hearing in this case, the similar case instituted by Admiral Sampson for himself and officers and enlisted men of the North Atlantic station for prizes taken in the Santiago fight will be heard.

JOSEPH WOLFERT IS DEAD.

Widely Known as Horse and Mule Contractor.

Joseph Wolfert, surviving member of Reilly & Wolfert, one of the largest horse and mule contracting firms in the country, died Wednesday morning at his home, No. 1017 Dillon street. Mr. Wolfert was stricken with grip Monday of last week. He was confined to his house, but not to his bed until Sunday, when he became much worse.

Mr. Wolfert was 65 years old, and came to St. Louis forty years ago from Nuremberg, Germany, which was his birthplace. On his arrival in this country he started in business buying and selling horses and mules. Thirty years ago he formed a partnership with Robert Reilly, who is now dead. In the Spanish War all the large contracts for horses and mules let by the Government were given to the Wolfert concern. His wife, Mrs. Leonora Wolfert, and six children survive him. The funeral will take place Friday.

MAY FILE PAPERS THURSDAY.

Kowalski Says Meriwether Is Nearly Ready to Contest.

The Public Ownership party, it is said, will contest the election of Mr. Wells. Chairman Kowalski of the Public Ownership Campaign Committee, said Wednesday that the necessary papers were almost ready and would be filed either Thursday or Friday. These papers are said to contain general allegations of fraud and a number of affidavits of filegal voting and registration. Kowalski said that counsel to represent the Public Ownership interests had not yet been chosen.

Kowalski denied that there was any plan of co-operation between the Public Ownership people and the Republicans. "Our suit will be entirely separate," said he. "We stand ready to assist Republicans in presenting evidence of fraud, but our contest will continue if the Republicans drop theirs."

CONGRESSMAN TAWNEY'S CANE Railway Mail Clerks Remember

Him for Past Services.

The railway postal clerks of the Seventh Division, which centers in St. Louis, presented to Congressman James A. Tawney, Congressman of Minnesota, a gold-headed cane Wednesday afternoon. Frank McFarland made the presentation speech.

Mr. Tawney replied briefly, and then for nearly an hour discussed informally the reclassification measure which comes up during the next session of Congress, for the passage of which he is working. He urged that every member of the local division ask the support of their representatives in Congress for the bill.

JAMES AMES PASSES AWAY.

Once Widely Known as Business Man and Patron of Sports.

James Ames, who at one time was well known in business and later in sporting circles in this city, died Tuesday at his home, No. 517 Hickory street. "Jim" Ames, as he is familiarly known, came to St. Louis when a boy and began life as a bricklayer. He afterwards became a contractor and made considerable money.

He then took an active interest in sports, but, despite the risks of the followers of races and fare, his credit remained good. Of isste years, however, he lost much of his fortune and died in comparative obscurity at 79 years of age.

DOCTOR MILEN CURES

Sexual Diseases of Men Only.

Men afflicted with diseases of the sexual organs of any description who desire a speedy and permanent cure should, without delay, consult Doctor Milen, the master specialist in diseases of men. There are many reasons why Doctor Milen cures where others fail to give even temporary relief. He has devoted all the Eyears of his professional career to the study of diseases of the sexual organs of man and has confined his practice to this speciality exclusively. His practical experience is unquestionably greater than that of any other living specialist. This vast experience, coupled with unceasing study and experiment, has enabled him to discover and perfect original methods of treatment that have given him a complete mastery over diseases of men. This is no idle assertion. But is a fact easily demonstrated to all who apply to him for treatment. Does it not stand to reason that a physician with Doctor Milen's extensive and varied experience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience is better qualified to treat successfully the aliments to which he gives sperience.
